PROFESSIONAL EXPERIENCE

ESCP Business School
Associate Researcher

Madrid, Spain
10/2023–08/2024

I conduct research with the Director of the Real Estate Department, Professor Jaime Luque. Our aim is to understand the causes of housing supply fluctuations in order to help public policy. I work simultaneously on two projects: a paper by Prof. Luque and a study for the Principality of Monaco.

University of Ghana
Researcher

Accra, Ghana
02/2023–08/2023

Together with Professor Clement Adamba (University of Ghana), Dr. Frank Otchere (Unicef) and Dr. Kaku Damoah (Unicef), I have authored a paper about the effect of education on the reduction of poverty, in Ghana. The aim has been helping the development of this key sector, as well as achieving my first publication on an economics journal.

I have conducted interviews on the behalf of the Ministry of Education of Ghana, to implement a UNICEF-Jacobs Foundation's project on primary education.

OIC Firenze
Management Officer

Florence, Italy
12/2022–01/2023

My task was to organize the travel, attendance and permanence to conferences and meetings of doctors and health personnel. Thanks to the high and intensive pressure and workload, this experience enhanced my organizational and team-working skills.
