

Brave New World of Genome Editing

Round table on the
biotechnological hegemony
in food and farming

WEBINAR

27 Maio | May
2021

14.30 -17.00 GMT

Programme

14.30 Opening of the Round Table

- introductory remarks by José Luis Garcia (ICS-ULisboa) and Lanka Horstink (Plataforma Transgénicos Fora)

14.40 Diederick Sprangers

(ENSSER-European Network of Scientists for Social and Environmental Responsibility)
“Products of ‘genome editing’ techniques should be strictly regulated as GMOs”

15.10 Eva Gelinsky

(Initiative for GE-free seeds and breeding) “New GE-plants: What is on the field? What is in the pipeline?”

O Admirável Mundo Novo da Edição Genética

Mesa redonda sobre a hegemonia
da biotecnologia na alimentação e
agricultura

15.35 Nina Holland
(CEO-Corporate Europe Observatory) “Industry lobby tactics to derail EU safety rules on new GMOs”

16.00 Heike Moldenhauer
(ENGA-European Non-GMO Industry Association)
“Deregulation is not an option - a food sector perspective on new GMOs”

16.25 Antonio Onorati
(Associazione Rurale Italiana | ECVC-European Coordination Via Campesina) “Impact de l’édition du génome sur l’agriculture paysanne, épine dorsale des systèmes agricoles européens. Le cas italien”

16.50 Closing the Round Table

- concluding remarks by Irina Castro (Plataforma Transgénicos Fora)
